VAPORS HARMFUL. HARMFUL OR FATAL IF SWALLOWED
(Read caution on back panel)

1 gal. (3.785 L)

107340GF; CS-2/10/20

#7340G ALL 4

DESCRIPTION: Clean, protect, penetrate, and lubricate in one action. Displace moisture and dissolve grease while penetrating with corrosion inhibitors that protect up to 1 year. Silicone-free lubricant with no gummy residue.

DIRECTIONS: Apply film evenly to entire surface with a clean sprayer, brush or rag. Capillary action will cause film to cover areas thoroughly. For best results, use at room temperature. **DO NOT USE ON ELECTRICAL EQUIPMENT OR MACHINERY WHILE IN OPERATION.**

DANGER! Keep away from heat, spark, or open flame. Avoid prolonged overexposure to sunlight or heat, which may cause bursting. Do not burn, incinerate or store above 120°F (49°C). May cause flash fire. **VAPOR HARMFUL.** Avoid continuous breathing of vapors and mist. Use with adequate ventilation. If you experience eye watering, headaches, nausea or dizziness, increase fresh airflow and/or wear NIOSH approved respiratory protection. **AVOID CONTACT WITH SKIN AND EYES. FIRST AID:** If swallowed, do not induce vomiting. Call physician immediately. If eye contact occurs, flush eyes with plenty of water for 15 minutes. For skin contact, wash thoroughly with soap and water. In either case, if irritation persists, see physician immediately. **NOTICE:** Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

HAZARDOUS CONTENTS: Aliphatic Petroleum Distillates 64742-96-7.
VOC Category: Multipurpose Lubricant | VOC <10%

DANGER! Combustible liquid. May be fatal if swallowed and enters airways.
DANGER! Liquide combustible. Peut être mortel en cas d'ingestion et de pénétration dans les voies respiratoires.
