SHAKE WELL BEFORE USE

STENCIL INK

Cap approximates color of contents.

DESCRIPTION: Fast-drying specialty paint for stenciling in one coat without running or smudging. Safe for use on most surfaces including metal, wood, corrugated boxes, leather, stone, glass, asphalt, and fabric. Will apply to slightly oily surfaces for temporary marking. Waterproof and permanent.

DIRECTIONS: Shake can for 1 minute after agitator ball is heard and during use. For best results use at temperatures between 60°F-80°F (16°C-27°C). Align sprayhead with black mark on valve rim to ensure complete evacuation of contents and spray 6-8" from object. Dries in less than 5 minutes. Clear sprayhead by inverting can and spraying for 2 seconds.

DANGER! Never use or store near any sparks, heat, open flame, or sources of ignition. Do not puncture or incinerate container even when empty. Do not expose to heat or store at temperatures above 120°F. May cause flash fire. Use with adequate ventilation. If you experience eye watering, headaches, nausea or dizziness, increase fresh airflow and/or wear NIOSH approved respiratory protection. **FIRST AID:** If swallowed, do not induce vomiting. Call physician immediately. If eye contact occurs, flush eyes with plenty of water for 15 minutes. For skin contact, wash thoroughly with soap and water. In either case, if irritation persists, see physician immediately. **NOTICE:** Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.

HAZARDOUS CONTENTS: Acetone 67-64-1, Aliphatic Petroleum Distillates 64742-89-8, Methyl Ethyl Ketone 78-93-3, n-Butyl Acetate 123-86-4, Hydrocarbon Propellant 68476-86-8, Aliphatic Hydrocarbon 64742-47-8.

DANGER! Extremely flammable gas. Extremely flammable aerosol. Pressurized container, may burst if heated. Extremely flammable liquid and vapor. Highly flammable liquid and vapor. Flammable liquid and vapor. May be fatal if swallowed and enters airways. Causes skin irritation. Causes serious eye irritation. May cause drowsiness and dizziness. Toxic to aquatic life with long lasting effects.

DANGER! Gaz extrêmement inflammable. Aérosol extrêmement inflammable. Récipient pressurisé; peut éclater si chauffé. Liquide et vapeur extrêmement inflammable. Liquide et vapeur très inflammable. Liquide et vapeur inflammable. Peut être mortel en cas d'ingestion et de pénétration dans les voies respiratoires. Provoque l'irritation de la peau. Provoque l'irritation des yeux. Peut causer de la somnolence et des vertiges. Toxique pour les organismes aquatiques, entraîne des effets néfastes à long terme.

¡PELIGRO! Gas extremadamente inflamable. Aérosol sumamente inflamable. Recipiente a presión; puede explotar si se calienta. Líquido y vapor sumamente inflamables. Líquido y vapor altamente inflamables. Líquido y vapor inflamables. Puede ser mortal en caso de ingestión y penetración en las vías respiratorias. Causa irritación de la piel. Causa irritación ocular grave. Puede causar somnolencia y mareos. Tóxico para la vida acuática con efectos duraderos.
